

BRONZE BOWLS

Since 1955 we produce **BRONZE BOWLS** in shell cast building first the core sand and after the merger.

The final processing is done by officine CAUDERA leader brand of the sector. A large number of world championships have been won by champions that samples using BOCCE CAUDERA.

Since 1955 a meticulous passion distinguishes the production of **BOCCE CAUDERA**.

The experience gained in over 50 years (from 1957 World Champions), and a cutting-edge technology, can offer a wide range of models ready to satisfy both fans and professionals in search of the 'master stroke'.

The BOWL is a 'mechanical object' and the Bowls Caudera produced by Off. Caudera F.lli Mechanics, a leading company in this area brings the experience and technology developed in over half a century of history.

The quality assured by the use of alloys of extraordinary strength, **BOCCE CAUDERA** make a highly reliable, guaranteed 12 months. With your purchase, you're guaranteed the performance of one of the best items on the market.
